

3rd Annual Imaging Hall of Fame Ceremony

Keynote Presentation: Chet Carlson, Innovation and the Xerox 914

Horace Becker
VP Engineering (Retired)
Xerox

4pm, Wed, Oct. 29, 2008
Auditorium of the Center for Imaging Science

Biography:

Horace served with the U.S. Army Air Force on B 26 bombers in World War II and then attended Drexel University where he earned a Bachelors Degree in Mechanical Engineering. After graduation he had jobs at two other printing-related firms, the second one as Chief Engineer at the Davidson Printing Press Division of Mergenthaler Linotype Corporation. Then he took a chance and moved to Rochester in 1958 to work for a fledgling company called Haloid. His career spanned 30 years at Haloid/Xerox and culminated with 16 years as a corporate officer and a member of the Fuji-Xerox Board of Directors. In 1991 he was elected to the Office Machine "Hall of Fame."
