Dr. Stephen R. Aylward

Senior Director of Operations - North Carolina Kitware Inc.

Stephen R. Aylward, Ph.D. is the founder and Senior Director of Operations at Kitware’s North Carolina office. Its members conduct applied research and support commercial developments in the medical, computer vision, and scientific visualization fields. Dr. Aylward’s research has recently focused on developing model-to-image registration strategies for image guided surgery and on vascular network characterization for disease diagnosis.

Stephen received a B.S. in computer science from Purdue University, an M.S. in artificial intelligence from the Georgia Institute of Technology, and a Ph.D. in medical image processing from UNC. Prior to joining Kitware, Stephen was a tenured associate professor in the department of radiology at UNC.
