

Dr. Mishkat Bhattacharya

Assistant Professor

Department of Physics

Rochester Institute of Technology

Mishkat Bhattacharya obtained his Ph.D. from the University of Rochester in 2005. After postdoctoral stints at Georgia Tech. (working on ultracold atoms), the University of Arizona (working on optical manipulation of nanomechanical systems) and the University of Maryland College Park (working on superconducting quantum computing) he joined the Department of Physics at the Rochester Institute of Technology in 2011.

4PM, WEDNESDAY, NOVEMBER 30, 2011

Carlson Auditorium, Center for Imaging Science (Bldg. 76)
