Dr. Stanley Pau

Associate Professor
College of Optical Sciences
University of Arizona

Stanley Pau is Associate Professor at the College of Optical Sciences at The University of Arizona. He received his B.S. in Electrical Engineering and Material Sciences from the University of California, Berkeley (1992), and his M.S. and Ph.D. in Electrical Engineering from Stanford University (1996). Prior to his current position, he was a Member of Technical Staff for seven years at Bell Laboratories, Lucent Technologies, in Murray Hill, New Jersey and is responsible for many research and product development projects for microfabrication, MEMS, optical subsystem, and optical instrumentation. He has also worked in the Max Planck Institute in Stuttgart, Germany, Lawrence Livermore National Laboratory in Livermore, California, University of California Medical Center in San Francisco, California, I.B.M. in Austin, Texas, and National Semiconductor in Santa Clara, California. Dr. Pau is author of over 60 peer-reviewed papers, inventor of over 25 patents and editor of 2 proceedings. He is a Fellow of SPIE and senior member of IEEE. He was awarded the DARPA Young Faculty Award and Hertz Foundation Fellowship. He is an associate editor of Optics Express since 2009.

4PM, WEDNESDAY, NOVEMBER 28, 2012

Carlson Auditorium, Center for Imaging Science (Bldg. 76)
