Fourier Methods in Imaging

Roger L. Easton Jr.

Rochester Institute of Technology, USA

Fourier Methods in Imaging introduces the mathematical tools for modeling linear imaging systems to predict the action of the system or for solving for the input. The chapters are grouped into five sections, the first introduces the imaging "tasks" (direct, inverse, and system analysis), the basic concepts of linear algebra for vectors and functions, including complex-valued vectors, and inner products of vectors and functions. The second section defines "special" functions, mathematical operations, and transformations that are useful for describing imaging systems. Among these are the Fourier transforms of 1-D and 2-D function, and the Hankel and Radon transforms. This section also considers approximations of the Fourier transform. The third and fourth sections examine the discrete Fourier transform and the description of imaging systems as linear "filters", including the inverse, matched, Wiener and Wiener-Helstrom filters. The final section examines applications of linear system models to optical imaging systems, including holography.

- Provides a unified mathematical description of imaging systems.
- Develops a consistent mathematical formalism for characterizing imaging systems.
- Helps the reader develop an intuitive grasp of the most common mathematical methods, useful for describing the action of general linear systems on signals of one or more spatial dimensions.
- Offers parallel descriptions of continuous and discrete cases.
- Includes many graphical and pictorial examples to illustrate the concepts.

This book helps students develop an understanding of mathematical tools for describing general one- and two-dimensional linear imaging systems, and will also serve as a reference for engineers and scientists

Contents

Series Editor's Preface

Preface

1 Introduction

2 Operators and Functions

3 Vectors with Real-Valued Components

4 Complex Numbers and Functions

5 Complex-Valued Matrices and Systems

6 1-D Special Functions

7 2-D Special Functions

8 Linear Operators

9 Fourier Transforms of 1-D Functions

10 Multidimensional Fourier Transforms

11 Spectra of Circular Functions

12 The Radon Transform

13 Approximations to Fourier Transforms

14 Discrete Systems, Sampling, and Quantization

15 Discrete Fourier Transforms 511

16 Magnitude Filtering

17 Allpass (Phase) Filters

18 Magnitude-Phase Filters

19 Applications of Linear Filters

20 Filtering in Discrete Systems

21 Optical Imaging in Monochromatic Light

22 Incoherent Optical Imaging Systems

23 Holography

HOW TO ORDER

All customers from Europe, Middle East and Africa (excluding Germany, Austria, Switzerland)

PHONE your credit card order:
FREE PHONE (UK only) 0800 243407 or
(for overseas orders) +44 (0)1243 843-294

FAX your completed order form to:
+44 (0)1243 843-296

POST your completed order form to:
John Wiley & Sons Ltd., 1 Oldlands Way,
Bognor Regis, West Sussex, PO22 9SA, UK

EMAIL: cs-books@wiley.co.uk

INTERNET: www.wiley.com

Postage rates

(Amounts shown for the total order)

UK £3.60
Europe Surface mail £5.20/€7.00
 Air mail £12.45/€16.80

Outside Europe Surface mail £7.75
 Air mail £14.95

Delivery will be arranged by John Wiley & Sons Ltd, on your behalf via Wiley Distribution Services Ltd. Alternatively you may collect your order by prior arrangement. We can also quote for delivery by courier. Please e-mail cs-books@wiley.co.uk for details. Please allow 21 days for delivery.

MONEY BACK GUARANTEE

If you are not completely satisfied we will refund your payment without question, if books are returned in a resalable condition within 30 days of receipt.

YOUR PERSONAL DATA

We, John Wiley & Sons Ltd, will use the information you have provided to fulfil your request. In addition, we would like to:

1. Use your information to keep you informed by post of titles and offers of interest to you and available from us or other Wiley Group companies worldwide, and may supply your details to members of the Wiley Group for this purpose.

Please tick the box if you do not wish to receive this information

2. Share your information with other carefully selected companies so that they may contact you by post with details of titles and offers that may be of interest to you.

Please tick the box if you do not wish to receive this information.

If, at any time, you wish to stop receiving information, please contact The Database Marketing Dept (databasegroup@wiley.co.uk) at John Wiley & Sons Ltd, The Atrium, Southern Gate, Chichester, West Sussex. PO19 8SQ, UK.

Customers from Germany, Austria and Switzerland
